IntraPac India Moves to India Expo Centre, Greater Noida, NCR Delhi

Noida, 5th June 2023 - The Indian Printing Packaging & Allied Machinery Manufacturers' Association (IPAMA) announces a venue change for the upcoming IntraPac India exhibition. Due to the unavoidable circumstances and some technical reasons, IPAMA has decided to shift the event to India Expo Centre, Greater Noida, NCR Delhi.

IntraPac India, an exclusive exhibition focused on the Packaging Industry, will now take place at India Expo Centre from 14th to 17th March 2024. This premier event will showcase a wide range of packaging solutions, machinery, and allied products, including plastic packaging, metal packaging, glass packaging, paper packaging, filling,

capping, sealing, biodegradable packaging, protective packaging, automation and robotics, tube packaging, mono cartons, pharmaceutical packaging, traceability & tracking, logistics, film, moulding, and many more.

In light of the venue change, IPAMA has revised its rates and is offering exhibitor spaces at a highly economical price to packaging companies. This move aims to encourage participation from a larger number of MSME Units in the Exhibition. The rates for subsequent editions will also be reviewed and adjusted to ensure greater affordability.

IPAMA has reserved four halls, covering a total area of 14,000 square meters, at India Expo Centre. Within just one month of the exhibition announcement, 48 companies have already confirmed their participation and secured their spaces.

To incentivize early registration, IPAMA has introduced an Early Bird Discount of Rs. 1000/- Per Sq. Mtr. The last date to avail of this discount is mentioned on the official website. Furthermore, exhibitors will also be eligible for a special motivational discount, subject to approval by IPAMA's governing council committee. Additionally, membership discounts will be provided based on the tenure of membership.

IntraPac India at India Expo Centre promises to be an exceptional gathering of industry professionals, providing a platform to explore the latest trends, innovations, and business opportunities in the packaging sector.
